9/13	Championship Night	(4) - (4) must be used

Spares will come from **Thunder Road registered race tires ONLY** as described above. (In the event of a multi tire wreck on the track only and approved by an official, a registered tire with a tread depth maximum 4/32 using Thunder Road depth gauge and meeting both hot and cold durometer test may be allowed.)

(1) Mix and Match tires are any tire registered for 2024 weekly race inventory.

- (2) A new team entering a weekly event after the rotation has begun will be allowed four new tires when applicable. Any spares must meet the maximum tread depth rule and durometer rule described in 2. A team entering a weekly event after the rotation has begun will be able to purchase 2 new tires and must race 2 approved tires meeting tread depth and durometer rule as stated above when applicable. Spare policy is the same as above.
- (3) Race tires purchased on a buy event **MUST** be raced the entire event – including heat, consi, semi and feature. There will be no exceptions and if a violation occurs there will be significant penalties imposed.
- (4) Any altering of any kind on tires will result in significant penalties
- (5) **PRACTICE TIRES MAY BE PURCHASED FOR THUNDER ROAD COMPETITORS. THEY WILL NOT BE ALLOWED IN ANY RACE INVENTORY.**
- (6) Any tire on any car may be checked periodically, for registration accuracy. Random checking of tires may be done at any time and may be confiscated by an official.

Any questions please contact the Thunder Road office.

Tire rules and procedures may be subject to change as needed from time to time.

Flat Tires- any registered 2024 Thunder Road race tires can be used, except for the Memorial Day race. For that, you will use registered practice tires.
